Green Trees Crack+ Serial Key Free

• A beautiful Win 7 themed desktop. • Green trees icon is on the desktop. • It adds beautiful green area to your desktop. • When you click the icon, the desktop will show you the green area. • The green area is very easy to design as you have an easy-to-use tool to customize it easily. • A full of green desktop, ready to show off your creativity. • The desktop is directly designed for your computers. Therefore, this theme is not a resource hog. • Added the new 'Leaf' shortcut to the desktop. • Easy to set up. And is a nice looking theme for your workstation or the family computer. Green Trees Screenshot: Fix for the Outline Corners: This theme fixes the outline of the window corners. Fix for the Normal Window Title: The Normal Window Title is fixed, so your system does not show the "creative" "similar to" "stereo" title anymore. Fix for Customizable Taskbar: Customizable Taskbar is now fixed, so you don't see the red cross in the taskbar, for the taskbar is not free to change its color. All the theme colors are fixed: all the theme colors are now fixed for you, so you can download again the theme without any mistakes. And thanks to the theme, the Alt+Tab default value is now fixed and the taskbar can be customized as you expect. Additional Features: • A simple custom taskbar: with two items at the top, you can customize your own taskbar to suit your desktop. • Configurable Taskbar Icon: You can change icons in the taskbar, and you can choose from 1x1, 2x1 and 4x1 sizes as you can customize all the icons in the taskbar. • Some useful features: - The desktop can be maximized. - Use the Desktop Icon for your desktop. - Keyboard Shortcuts (for playing game, to launch a real application, and setting hotkeys). - 'Back' and 'Forward' buttons for the Internet Explorer and other browser windows. - 'Hide' and 'Show' buttons for mouse gesture. - You can make your desktop small or large. You can use the whole desktop for your favourite tasks. And you will not need to change your system's power setting anymore. "Green Trees" provides a nice view of everything

Green Trees Crack+

The theme is a collection of about 70 - 80 Tree's, from small, medium and large. The theme includes a lot of other elements, like: - Aspect ratio function in Windows 7, - Menu Layout (based on the Tree's number of branches), - The Download icon appears in the bottom bar for Win 7 and Win 10, - Icons in the right and left corners, - All the window buttons, - My computer window and network icons, - File type icons, - A toolbar, - Windows hotkeys, - etc. And, of course, the Leaf window color. What you get in the Bundle: - Icon pack of 55 small icons, from 16x16 to 48x48. - Background pictures of Tree's and water, with a size suitable for your Window's size and resolution. - A Steam list of famous trees, like: Dogwood, Pine, Cedar, Alder, Linden, Oak, Spruce etc. - A Tree icon pack, with 11 different trees. - Light and Dark Skin version of the colors. Size: 7 MB Language: English (US) System Requirements: - Windows 7, Windows 8 and 10. - The desktop background must be enabled. - Only the theme will be installed. No others icons or files included. Green Trees Crack+ Activation Code With Keygen Download

Palm Pines (Night) is a big, happy theme, best suited for outdoor occasions. The whole exterior is highlighted by the night ambient, not only the landscapes but also all the land objects. And to enhance and put you in the right mood, the palmy night foregrounds are composed of the most charming, cheerful colors and lots of green, which goes really well for this theme. Finally, if you want your desktop to be able to enjoy all the more the beautiful landscape of nature and the lovely night air, this theme is for you. Palm Trees Description: Aquamarine Theme is inspired by the essence of nature. Its main theme is the famous and eternal blue. In fact, the main color of every object, like sky, water, land and deep sea objects, is this very blue. A normal desktop is the perfect setting for this blue color; and to allow it all the more natural touch, the sea and the sky of this theme are not brushed, but the wild green. As a result, you will have a beautiful, original desktop and if you want to take it to an other level, you can use the GUI editor and change all the basic colors of this theme. Aviaro is a nice green minimalistic Win 7 theme. It will help you create a desktop full of green vegetation, which will make you feel like at home in nature. You will have to adorn it the green vegetation, both trees and shrubs and buildings like houses, cars, and so on. If you like green minimalist themes, this is a good one. Basilisk is the new green Win 7 theme. It is so cool and cheerful and full of nature, that it won't leave you indifferent. With Basilisk, you will be able to create a desktop full of green vegetation and the natural nature, and to achieve this, you have to decorate objects with a green color. For example, if you want to define the flowers, you have to use the green or the green and blue shade. If you want to take this theme to the next level, you can change the colors and the objects colors in the GUI editor. Black is a great, minimalist green Win 7 theme. A grey or dirty color scheme is not the only way to add lightness and to achieve a very special look to the desktop. With this great theme, you can easily achieve a very, very light

What's New in the Green Trees?

This small Win7 theme is very easy to customize: - The default color of the desktop is changed from the Desktop (background) color to the default of the theme (green). - The wallpaper of the desktop is changed from the one provided with the theme to the one included in it. - The colors of the desktop icons are changed from black to white. - The default Windows colors are changed from the default desktop colors to the colors of the theme. - The desktop background is changed from a logo or gradient style to the style and colors included with the theme. - The desktop panel is turned on/off (from the moment the theme was setted up on our PC), along with its colors and text. - The Aero version is kept on, and the glass effects of the desktop are still active. - The taskbar colors and icons are changed from the default colors to the colors included with the theme. - The taskbar background is changed from the default wallpaper to the wallpaper included in the theme. - Both the taskbar shadow and panel system colors are changed from the default desktop colors to the colors of the theme. - The location and size of the three default desktop icons are changed from the default. - The size of the desktop wallpaper is changed from the default. - The three desktop icons are moved from the left to the right side. - The desktop wallpaper is changed from the default pattern to a custom one included with the theme. - The desktop wallpaper border's color and thickness are changed. - The desktop wallpaper gradient type and speed are changed. - The desktop menu is changed from the one that has appeared by default to the one included in the theme. - The desktop shortcuts are changed from the default to the shortcuts included with the theme. - The location, size and text color of the desktop menu items are changed. - The desktop environment's scale is changed from the one that has appeared by default to the one included in the theme. - The desktop font size and type are changed from the one that has appeared by default to the one included with the theme. - The interface colors of the desktop, taskbar and Aero glass are changed from the default to the colors of the theme. - The background colors of all windows, both minimized and maximized, are changed from the default to the colors of the theme. - The taskbar colors of all windows, both minimized and

maximized, are changed from the
